

MEDI/MAXI ADULT SENSIADULT

The sensitive dry food for medium and large breeds with salmon & duck and psyllium husks

Digestion support

Performance

Skin & coat

Available in: **12.5kg; 3kg; 3x3kg; 5x900g; 900g**

Even sensitive athletes with delicate tummies need the perfect food: our answer is **Josera SensiAdult**. This gluten-free dog food features a nutritious recipe that helps regulate digestion, while providing sufficient energy for increased activity and controlling the quantity of faeces. Appearance is not neglected either: valuable fatty acids and vitamins promote beautiful skin and a glossy coat.

Psyllium husks also support the intestinal flora, while a balanced fibre complex regulates digestion. This makes SensiAdult the ideal light diet. Our Josera IMMUNE PLUS can provide additional support for your dog's healthy immune system.

Good to know: this sensitive dog food contains the same high-quality protein sources of salmon and duck as our Josera SensiJunior rearing food, making it the ideal follow-on food for a smooth transition into adulthood.

With the new design, the food has an improved recipe thanks to IMMUNE PLUS. This dog food will also be potato-free in future.

*Josera IMMUNE PLUS

Yeast cell walls are rich in glucans and mannans (MOS), which have a prebiotic effect and can therefore support the immune system.

Valuable antioxidants, such as vitamins C & E, help ward off free radicals.

- Gluten-free adult dog food for sensitive and active dogs with a fibre complex to regulate digestion
- With psyllium husks to enhance gut flora
- Taurine and L-carnitine support cardiac function
- 82% of the protein is animal protein
- Now with Josera IMMUNE PLUS*: added support for your dog's healthy immune system
- Thanks to carefully considered recipes, also excellent as a follow-on food from SensiJunior
- New design, improved recipe

Feeding recommendation:

Weight	Activity / day up to 1 hour	Activity / day up to 3 hrs
10 kg	135 g	155 g
20 kg	225 g	260 g
30 kg	300 g	350 g
40 kg	375 g	435 g
60 kg	510 g	590 g
80 kg	635 g	735 g

The recommended food quantities stated are per animal, per day.
The amount of food should be reduced, for example if snacks are also provided.

Please make sure your pet has fresh water at all times.

Complete feed for adult dogs

Composition: rice; dried poultry protein (poultry 21.0 %, duck 4.0 %); poultry fat; dried salmon protein 4 %; hydrolysed poultry protein; beet fibre; plant fibre; carob meal; minerals; yeast cell walls 0.5 %; herbs, fruits; ground chicory root (natural source of inulin); psyllium husks 0.1 %; dried protein from the New Zealand green-lipped mussel (*Perna canaliculus*)

Josera Immune Plus

- Yeast cell walls are rich in glucans and mannan oligosaccharides (MOS), which have a prebiotic effect and can support the immune system.
- Valuable antioxidants such as vitamins C & E help to ward off free radicals.

Analytical constituents per kg:

protein	25,0 %
fat content	19,0 %
crude fibre	2,4 %
crude ash	6,0 %
calcium	1,35 %
phosphorus	0,95 %
sodium	0,30 %
magnesium	0,09 %
taurine	1.000 mg
metabolisable energy per kg	16,8 MJ
metabolisable energy per kg	4.017 kcal

Additives:

Nutritional additives per kg:

vitamin A	24.000 I.E.
vitamin D3	1.800 I.E.
vitamin E	350 mg
vitamin C (ascorbyl monophosphate calcium sodium salt)	200 mg
vitamin B1	15 mg
vitamin B2	20 mg
vitamin B6	20 mg
vitamin B12	100 mcg
calcium-D-pantothenate	50 mg
niacinamide	90 mg
folic acid	5 mg
biotin	1.000 mcg
L-carnitine	250 mg
iron (iron(II) sulphate monohydrate)	100 mg
zinc (zinc chelate of glycine, hydrate (solid))	120 mg
manganese (manganese (II) oxide)	9,00 mg
copper (copper(II) chelate of glycine hydrate (solid))	11,00 mg
iodine (calcium iodate anhydrous)	1,30 mg
selenium (sodium selenite)	0,10 mg

Technological additives:

Antioxidants: tocopherol extracts of natural origin.
